SUSTAINABLY TOGETHER 

# RALLY IS SPECTACULAR

BUT DID YOU KNOW IT CAN BE  
SUSTAINABLE TOO?

Secto Automotive is a Finnish-owned car leasing operator, offering corporate customers both a hassle-free and fossil-free car ownership experience.

As the title sponsor of Rally Finland, we believe motorsport can drive change. In 2021, the WRC committed to sustainable fuels, proving that high-performance racing and sustainability can go hand in hand. Inspired by this shift, we launched Secto Automotive Labs – a hub for developing smarter, greener mobility solutions.

Motorsport has always pushed the limits of technology. Now, it's leading the charge toward a more sustainable future. That's why we're here – to help make rallying part of the solution, not the problem.

Sustainability isn't a challenge. It's an opportunity. Let's drive change together.

As provided for in FIA ISC Art. 11.9.4, the Official Notice Board will be the Digital Notice Board (DNB), available in the Sportity App and published also on the rally website at [www.sectorallyfinland.fi](http://www.sectorallyfinland.fi). There will be no physical official notice board. All competitors will be informed only by Sportity notifications about the publication of any documents on the Digital Notice Board.

Please note that as the FIA system requires a user ID and a password to access the entry system, you cannot leave the entry procedure to the last minute but must give time for the FIA to open you the necessary user account. The user account application can be found through a link from the registration page as given above

The entries must be submitted on Tuesday 1 July 2025 at the latest.

By sending an electronic form, the competitor undertakes to abide by the rules and regulations of the competition, as well as the prescriptions of FIA WRC, Art. 22.5. ## 4.6 REFUNDS (FIA WRC, ART. 24.3-4)

Entry fees will be refunded in full

- a) to candidates whose entry has not been accepted
- b) in case of the rally not taking place

If a competitor is denied entry to Finland due to missing travel documents, the organiser may retain 50% of the entry fee to cover any costs incurred.

Organisers may refund 50% of the entry fee to those competitors who, for other reasons of force majeure (duly certified by their ASN), were unable to start in the rally. With the request of entry fee refund the competitor must send the organiser a certificate of force majeure given by his own ASN.

## 5. INSURANCE (FIA WRC, ART. 21)

### 5.1 TRAFFIC INSURANCE (OBLIGATORY)

All cars participating in the rally must have a valid obligatory traffic insurance towards third parties. In Finland the 'Green Card' (International Motor Insurance Card) system is applied. For cars coming from countries outside the Green Card system and EEA-countries, a Nordic frontier insurance must be taken at the Danish, Finnish, Norwegian or Swedish border. Traffic insurance guarantees competitor's cover for civil responsibility towards third parties. The organiser will issue third party insurance cover for foreign drivers valid on special stages for cars registered abroad. Insurance certificate together with a special sticker will be handed to the teams before the start of the Shakedown. For this purpose, a temporary import declaration must be made to the Finnish Inland Revenue, for details see Rally Guide 1, Art. 8.

All competitors **MUST** be able to show their Green Cards at the administrative checking. The burden of proof for a valid insurance rests solely on the competitor.

### 5.2 INSURANCE COVERAGE

Cover per each instance

- |                              |                             |
|------------------------------|-----------------------------|
| • 3rd party property damages | max. € 25 000 000           |
| • 3rd party bodily injuries  | no limit of indemnification |

### 5.3 LIMITATION OF INDEMNITY (FIA WRC, ART. 21.3)

The organiser declines any liability concerning the consequences caused by any fraudulent action taken by the competitor, may this be against the rules and regulations of the rally or against the laws of the country.

Any service vehicles or reconnaissance cars, even those bearing the official identification of the organiser, may under no circumstances be considered as official participants of the rally, hence their insurance policies remain the sole responsibility of the owner.

Competitors are reminded that all vehicles (incl. scooters, mopeds, forklifts, ATVs etc.) used inside the service area must be insured and must only be used on the driveways designated for vehicles, i.e. not in spectator areas or such. Extreme care must be taken when using silent electric vehicles, especially in the inside service areas, as the spectator pathways are very close to the driveways and have no fencing in between.

Competitors wishing to use pump fuel must inform the organiser thereof by e-mail to [saana.viinikka@autourheilu.fi](mailto:saana.viinikka@autourheilu.fi) by the close of entries on 1 July 2025.

The amount of this fine will be 500 Euros for Priority drivers and 250 Euros for Non-Priority drivers.

## 9.2 SPECIAL AND NATIONAL RESTRICTIONS

### 9.2.1. GENERAL RUNNING OF THE RECONNAISSANCE

Provision is made for a maximum of two passages through each special stage for each entered crew during the reconnaissance. This regulation concerns also the special stages which are driven more than once, either in their entirety or in part.

The crews are not allowed to drive in the opposite direction of the rally on the special stages, unless given particular directions to do so by the organiser, organiser's representative or the Police.

Contrary to the prescriptions of FIA WRC, Art. 35.4.3, the progress of the crews through the stages will only be monitored by the SAS GPS tracking. The crews are only allowed to enter and leave the special stages through start and finish controls, and they must stop at the Arrival TC and the STOP control.

Reconnaissance outside the schedule as set by the organisers is considered a very serious offence and will be reported to the Stewards who may apply penalties. If a competitor is found on roads used as special stages in the rally outside the reconnaissance schedule given in Appendix 2, he will be reported to the Stewards. Traffic on special stages before the rally will regularly be checked by the organisers and also by the Police.

### 9.2.2. TRAFFIC AND RECONNAISSANCE VEHICLES

On Super SS 1/10 Harju a maximum speed limit of 40 km/h is imposed on the whole stage during reconnaissance, and on SS 2/6 Laukaa a maximum speed limit of 50 km/h is imposed on the whole stage, unless a lower limit is indicated by traffic signs or signs placed by the organiser.

It is emphasised that reconnaissance is not practice. All the Road Traffic Laws of Finland must be strictly adhered to and the safety and rights of other road users must be respected and reconnaissance cars have to be covered by insurance as required by the law, no responsibility being imputable to the organisers.

All reconnaissance operations, for all crews, may only be carried out using cars complying with the specifications defined in FIA WRC Sporting Regulations, art. 35.1.

Radar detectors are forbidden in Finland. Any competitor found using or carrying onboard a detector during the reconnaissance or the competition, will be reported to the Stewards who may impose a penalty which can go as far as disqualification.

### 9.2.3. RECONNAISSANCE ONLY

Any driver holding the appropriate international licence may take part in reconnaissance for a rally. The regulations on reconnaissance must be respected in their entirety and the driver must inform the organiser of his wish to take part in the reconnaissance within the entry period of the rally. The driver must pay a fee of € 1100 + VAT for taking part in the reconnaissance.

## 12.4 FIA WRC MEDIA PEN

An FIA WRC Media Pen will be organised on Thursday, 31 July 2025 at 12.00–13.30 in the Service Park. The FIA WRC Media Pen is mandatory for all P1 and P2 drivers, as well as P1 Manufacturer Team Principals/nominated Team Representatives, and upon request by the media to the FIA

Media Delegate or National Press Officer for all other priority drivers or co-drivers.

Attending competitors are required to be present for a duration of minimum 30 minutes, or until dismissed by the FIA Media Delegate. P2 drivers are recommended to come from 13.15 onwards.

## 12.5 START ORDER AND INTERVALS (FIA WRC, ART. 41)

For all Sections, start order will be as per FIA WRC, Art. 41.2.

For any Live TV stages starting intervals other than those given in the Start List for the Section in question may be used (FIA WRC, Art. 41.3.3). Should the Live TV stage not be followed by a regroup, these starting intervals may remain for other special stages until the next regroup or overnight halt.

### Live TV stages are as follows:

Super SS 1 Harju 1

SS 9 Ruuhimäki 2

SS 14 Leustu 1

SS 18 Leustu 2

SS 20 Ouninpohja 2 (Wolf Power Stage)

## 12.6 PERMITTED EARLY CHECK-IN AT TIME CONTROLS (FIA WRC, ART. 44.2.11)

The crews may report before their due time at the following Time Controls without incurring a penalty:

TC 1C	Service OUT – Parc fermé IN
TC 10C	Flexi-Service OUT – Parc fermé IN
TC 18C	Flexi-Service OUT – Parc fermé IN
TC 20A	Power Stage Podium Holding Area IN
TC 20C	Technical Zone – Parc fermé IN (Rally Finish)

## 12.7 OFFICIAL TIME USED DURING THE RALLY

Official time during the rally will be that of the GPS (UTC plus offset to local time).

## 12.8 TIME CARDS

A complete set of time cards will be given to the competitors at the collection of documents and materials on Monday 28 July 2025 with the other rally materials. It is imperative that the crews carry with them in the rally car at least the full set required for each rally day.

## 12.9 RUNNING OF SERVICE AND FLEXI-SERVICE (FIA WRC, ART. 57 AND 59)

### 12.9.1 RUNNING OF 15-MINUTE SERVICE A

The 15-minute service on Thursday 31 July 2025 after the Super Special Stage Harju 1 is not a flexi-service. The service is preceded by a 10-minute Technical Zone. All cars will be driven from the Technical Zone to their service bay via TC 1B, where the 15-minute service time will start. After service, cars will be taken to overnight parc fermé via TC 1C.

However, the cars of P1 drivers may be held in their service bay after the 15-minute service time has lapsed, if they wish to bring all cars of the team to overnight parc fermé in a group. In this case, the end time of service will be marked on the time card by the scrutineer and ropes will be set around the car as per FIA WRC, Art. 59.2.2.

### 12.9.2 RUNNING OF 45-MINUTE FLEXI-SERVICE

The flexi-service parc fermé at the end of Sections 3 and 5 will include a 10-minute Technical Zone. The procedures described in FIA WRC, Art. 59 apply for all drivers.

All P2, P3 and non-priority drivers' cars that are not driven in the service immediately after the 10-minute technical checks, must stay in the vicinity of the technical zone and may be driven onto the pathway leading to TC 10B / 18B only 2 minutes before their intended check-in time to the service. The pathway from the technical checks to the TC must not be used for parking but shall be kept clear for other cars to pass.

## 12.10 OVERNIGHT PARC FERMÉ

Crews are allowed to bring drinks and install "camel bags" in their cars in the parc fermé (before TC 1D, 10D and 18D) using only tools carried in the rally car.

## 12.11 CAR WASH FACILITY

A car wash facility will be available for competitors in locations given in the Road Book during Shakedown and before TC 1A, 5A, 10A, 14A, 18A and 20C. Washing cars inside the service area is not allowed. Rims and other parts may be washed in a designated location as directed in Rally Guide 2.

## 12.12 RUNNING OF SUPER SS HARJU 1 AND HARJU 2

On the road section to Harju, all work on the car is forbidden for road safety reasons between the road book tulips marked in the road book with “NO WORK ON CAR” in the information column. The crew may work on the car in the waiting area before the stage.

When driving from the Harju waiting area to the TC, instructions of any marshals must be followed. This is utmost important for safety reasons, as TC arrival route runs directly next to the stage. For safety reasons, it is forbidden to stop on the road section to SSS 1/10 Harju between Road Book boxes p. 2/8 (p. 33/23) to p. 2/10 (p. 34/25). Traffic lights and possible instructions from the Police or Rally Traffic Controllers must be obeyed. Any manner of dangerous driving will be reported to the Stewards.

Due to live television, any start intervals may be used which are not in accordance with FIA WRC, Art. 41.3 for any cars chosen by the organiser arriving to TC 1/10.

Also, note the prescriptions of SR, Art. 9.2.2 concerning the reconnaissance of the stage.

## 12.13 PROMOTIONAL ACTIVITIES WITH DRIVERS (FIA WRC, ART. 38)

Promotional activities will be arranged on Wednesday 30 July 2025 in conjunction with the Ceremonial Start. All drivers required to participate will be informed personally after the close of entries. Individual driver involvement will be around 30 minutes. More information given in Rally Guide 2 or subsequent communications.

The prescriptions of FIA WRC, Art. 38.4, concerning the availability of all Priority drivers for 10-minute autograph sessions on arrival to both midday and evening services, will be applied.

### Autograph Session at Kakaristo Regroup

All drivers are required to be available for 10 minutes to sign autographs for the spectators after having parked their car at the Regroup area (after TC 19A) in Kakaristo. Follow marshals' instructions for the exact location. Up to five drivers will also be selected for a 10-minute Meet the Crews session during this period.

## 12.14 VIRTUAL CHICANES

Virtual Chicanes will be set up in the locations given in the Road Book on Shakedown Ruuhimäki and SS 19/20 Ouninpohja.

There will be approach warning signs counting down from 300 – 200 – 100 metres before the area starts. The SAS Tracking Unit will also be showing the distance to the start. The start and finish of the 200 metres long chicane area will be marked with signs on both sides of the road.

Within these 200 metres, the speed of the rally car must go down to a maximum of 60 km/h. This will be shown by the SAS Tracking Unit, which screen shows the speed and turns green once the target speed has been reached. There is a radar unit operated by judges of fact as back up. Once the target speed has been reached, the car may accelerate again. This target speed must be reached at any point within the area, so braking may start before the area.

Should the speed not be reached the crew will be penalised with a time penalty of 2 seconds per each km/h over the limit. The time penalty is added to the stage time and notified to the crew by the Clerk of the Course. At the Shakedown, should the speed not be reached, a notional time of 5 minutes will be allocated to the car(s) concerned.

## 12.15 MEDIA ZONES (FIA WRC, ART. 42.7)

All priority drivers (and co-drivers upon request) must be available for media interviews for a minimum of 15 minutes or until they are given permission to leave by the FIA Media Delegate.

Media Zones will be operational as follows: **TC1A, 5A, 10A, 14A, 18A and 20C.**

**Access to the Media Zone is restricted to the following:**

- Accredited media or team media personnel holding a green pass.
- Team principals or team representatives, who are, in view of the FIA Media Delegate, performing media duties. Those representatives must request to the FIA Media Delegate the delivery and activation of the NFC sticker on their pass for this event.
- Holders of a red All Access pass.

No other personnel will be allowed in the Media Zone unless authorised by the FIA Media Delegate and holding the correct pass and approved access.

Requests for the delivery and activation of the NFC sticker (excluding red all-access and green media passes) should be sent by email to: FIA Media Delegate Tom Wood, [twood@fia.com](mailto:twood@fia.com), and Sven Good, [sgood@fia.com](mailto:sgood@fia.com), no later than 15.00 on Tuesday 29 July.

## 12.16 POWER STAGE (FIA WRC, ART. 50)

With reference to FIA WRC, Art. 50, SS 20 Ouninpohja 2 will be run as the Wolf Power Stage.

If determined by the FIA in conjunction with the WRC promoter, crews will contest SS 20 with different start intervals than the interval given at the start of Section 6 and/or in a different order than the order at TC 19A (FIA WRC, Art. 50.3).

All crews must be at organiser's disposal in the regrouping area between TC 19A and TC 19B, in order to be able to receive information of their starting time from TC 19B, should this information deviate from that available at their time of arrival to TC 19A. The adjustment of tyre pressure is allowed inside the regroup.

Maximum time for the Power Stage, from the start to the flying finish, is 40 minutes after which the crew will accrue penalties for lateness as stipulated in FIA WRC, Art. 44.2.10. Thus, any crew exceeding 70 minutes from Power Stage start to flying finish will be considered to have exceeded their maximum permitted lateness and to have retired as per FIA WRC, Art. 45.1.

For the purpose of Live TV the podium ceremonies will be held in Kakaristo. From the STOP control, cars will be directed either

a) to a holding area, situated in the same location as the PS holding area. This concerns those competitors receiving a trophy, as per SR, Art. 14. In this holding area all cars are neutralised and under parc fermé conditions. Competitors are required to follow officials' instructions to take part in the ceremonies. When released by the officials, competitors shall proceed to TC 20B to receive a start time for the road section to 20C (Technical Zone IN – Rally Finish)

or

b) directly to TC 20C. This concerns those competitors who do not receive any trophies as per SR, Art. 14. More information will be provided in a Bulletin at a later date.

## 12.17 FINISH PROCEDURE (FIA WRC, ART. 66.1 AND APPENDIX IV)

Prize-giving ceremonies will take place on Sunday, 3 August 2025 at 14.15 in Kakaristo, Ouninpohja. More details of the ceremonies will be given in Rally Guide 2 and subsequent Bulletins.

After prize-giving, all cars will be driven to TC 20C, which is the Finish of the rally. Selected cars will be taken to final checks by a team representative and a scrutineer.

## 12.18 FINAL PARC FERMÉ

**DRIVERS' SAFETY EQUIPMENT, APPENDIX L**

All competitors are reminded of Appendix L of the 2025 FIA International Sporting Code, in particular its Chapter III - Drivers' Equipment. These regulations apply to Shakedown as well.

**Helmets (Appendix L, Chapter III, Art. 1)**

Priority 1 drivers and their co-drivers must wear helmets according to the FIA standard 8860-2018 or 8860-2018-ABP. This also applies to all Priority 2 crews competing with a World Rally Car. All other crews must wear crash helmets homologated to one of the following FIA standards:

- 8859-2015 (Technical List N°49),
- 8859-2024 or 8859-2024 ABP (Technical List N°107),
- 8860-2010 (Technical List N°33) or
- 8860-2018 or 8860-2018-ABP (Technical List N°69)
- See also Technical List N°25

Drivers and co-drivers who wear full-face helmets must contact the FIA Medical Delegate ([wrc.medicaldelegate@fia.com](mailto:wrc.medicaldelegate@fia.com)) or the Chief Medical Officer ([rally@autourheilu.fi](mailto:rally@autourheilu.fi)) in order to carry out a test before the start of the event. This test is described in Appendix L, Chapter III, Art. 1.3.

**Frontal Head Restraint (Appendix L, Chapter III, Art. 3)**

All crews must use FIA approved FHR systems homologated to FIA standard 8858. Approved FHRs, anchorages and tethers are listed in Technical List N° 29. See also helmet compatibility chart in Appendix L, Chapter III, Art. 3.3.

**Flame-resistant clothing (Appendix L, Chapter III, Art. 2)**

All drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the 8856-2018 (Technical List N° 74).

Please pay special attention to the prescriptions of Art. 2 concerning embroidery and printing on flame-resistant clothing (manufacturer certificates etc.) as well as concerning the correct wearing of the clothing elements! See also the 2025 FIA WRC Sporting Regulations, Article 53.1.

### Biometric Devices (Appendix L, Chapter III, Art. 2.1)

Drivers may wear a device to collect biometric data during racing.

- If the biometric device is integrated into a protective garment homologated to FIA Standard 8856, the garment shall be homologated to FIA Standards 8856 and 8868-2018.
- If the biometric device is a stand-alone device, then the device must be homologated to FIA Standard 8868-2018 only. This device must be worn in addition to the garment homologated to FIA Standard 8856.

### Wearing of jewellery (Appendix L, Chapter III, Art. 5)

The wearing of jewellery in the form of body piercing or metal neck chains is prohibited during the competition and may therefore be checked before the start. Exceptions to this rule, providing the CMO and/or the FIA Medical Delegate do not consider that due to size or location they may delay rescue or hinder emergency care, are:

- i the wearing watch(es) by co-drivers, on the condition that the watch(es) is worn over the the overall,
- ii the wearing of a single band-style ring providing it does not restrict the natural range of motion of the hand, and
